

The Weekly Pulse of Wholesale Monitoring

PLEASE NOTE our @sbdinc.com email addresses are sunsetting and will need to be updated to @securitas.com. Full details below.

We are grateful that you have allowed us the honor of monitoring your clients' accounts. As always if you need anything please reach out to the Client Relations team at 800-932-3304, option 2 or wholesale-dealer@securitas.com.

LABOR DAY HOURS

We will have adjusted hours over the Labor Day Holiday. Special Holiday Hours Apply to the Accounting, Data Entry, Dealer Relations, MASweb Support, and Technical Support Departments. Closing on Friday, September 1st at 5pm CST and will reopen at 8am CST on Tuesday, September 5th

Our Email Addresses are Migrating to URL @securitas.com

Please note that we are currently in the process of migrating all our email addresses from the URL @sbdinc.com to @securitas.com. Everything before the @ symbol will remain the same. i.e., wholesale-dealer@sbdinc.com is now wholesale-dealer@securitas.com. During this process we are currently forwarding all @sbdinc.com emails to the new @securitas.com email address. However, this will only continue until June 23rd for personal emails and a future date for group emails.

We do suggest that you update our email addresses in your address book as soon as possible and that you flag securitas.com as a safe and valid sender so that those emails do not go to your spam or junk folder.

MASmobile and MASweb Updates

New URLs to start using Immediately
Masweb: <https://mmportal.tech/masweb>
MASmobile: <https://masmobile.mmportal.tech:46600>
Stanley URLs will be sunset on 9/25/23

MASmobile Classic is no longer available to download or to use. However,

the new MASmobile available for download and immediate use for all users via the Apple iOS or Google Android App Store.

Please direct all questions to the MASweb/MASmobile Support team at 800-932-3304, option 6 or via email at wholesale-masweb@securitas.com

POTS: Not Dead Yet

Still a widely used technology in commercial fire and alarm systems, copper-based telephone lines are poised to rise in costs dramatically, creating a new opportunity for integrators. If POTS prices continue to drastically increase, business owners will take notice, and will eventually look for alternatives. As the American market reacts to price hikes, the question we need to answer is: What can the security industry do? What should be our approach?
