

## The Weekly Pulse of Wholesale Monitoring

We are grateful that you have allowed us the honor of monitoring your clients' accounts. As always if you need anything please reach out to the Client Relations team at 800-932-3304, option 2 or [wholesale-dealer@securitas.com](mailto:wholesale-dealer@securitas.com).

### We are prepared for Hurricane Season

Hurricanes are one of nature's most powerful storms. They produce strong winds, storm surge flooding, and heavy rainfall that can lead to inland flooding, tornadoes, and rip currents. In the event of a storm our first concern is that you and your family, employees and customers are safe. We have linked several resources in the Dealer Portal that can be of assistance before during, and after the storm passes. [LEARN MORE](#)

### MASmobile and MASweb Updates

New URLs to start using Immediately  
Masweb: <https://mmportal.tech/masweb>  
MASmobile: <https://masmobile.mmportal.tech:46600>

## Connected Life Safety Services

CLSS is an innovative, all-in-one cloud platform that enables systems integrators and facilities managers to deliver an enhanced fire safety service, while maximizing performance. [READ MORE](#)

## POTs is Dying, But not Dead Yet

Still a widely used technology in commercial fire and alarm systems, copper-based telephone lines are poised to rise in costs dramatically, creating a new opportunity for integrators. If POTS prices continue to drastically increase, business owners will take notice, and will eventually look for alternatives. As the American market reacts to price hikes, the question we need to answer is: What can the security industry do? What should be our approach?
