

The Pulse of Wholesale Monitoring

We are excited to be part of the upcoming **TBFAA and LLSSA Annual Tradeshow and Conventions**. Join us to connect with our team and explore how we can better support your business. To schedule a time, reach out to **Michael Russell** at michael.russell@securitas.com.

◆ Event Spotlight

[TBFAA 2025 Convention](#) – Register Now

Join Us at the 2025 TBFAA Convention & Trade Show

Mark your calendars for **October 22–24, 2025 in Rockwall, Texas!** The TBFAA Convention is the premier event for Texas security and fire alarm professionals.

Highlights include:

- CEU-approved training sessions on NFPA 72, AI-driven video, compliance, and more
- Legislative updates and industry insights
- Networking events, including the annual golf outing
- The latest products and technology on the trade show floor

→ **Stop by and see Securitas Technology** during the trade show to learn how we're supporting dealers with monitoring, technology, and growth solutions.

Register today to secure your spot and join us for three days of learning, networking, and innovation in the alarm industry.

[LLSSA 2025 Convention](#) – Register Now

Join Us at the 2025 LLSSA Annual Convention

Mark your calendars for **November 19–20, 2025** as the Louisiana Life Safety & Security Association hosts its Annual Convention! This event is the premier gathering for Louisiana’s security, fire, and life safety professionals.

What to expect:

- CEU-approved training and regulatory updates
- Networking with industry professionals across Louisiana
- Exhibits showcasing the latest products and technology
- Insightful sessions designed to support your business growth

→ **Stop by and see Securitas Technology** to learn how we’re partnering with dealers for monitoring, technology, and growth solutions.

Stay tuned for registration and agenda details — we look forward to seeing you in November!

2025 TNSI Convention Highlights

2025 MSA Convention Highlights

Alan Whittington brings over 12 years of experience in the alarm industry, having held key roles in monitoring operations including Operator, Supervisor, and Monitoring Manager. He now leverages that deep industry knowledge to uphold quality standards across the monitoring station, while also providing specialized support for MASWeb and MASMobile platforms.

Alan can be reached at alan.whittington@securitas.com or 800-932-3304 option 6.

We are FM Approved

Securitas Technology is compliant with FM Approval Standard 3011 "Central Station Service for Fire Alarms and Protective Equipment Supervision." [LEARN MORE](#)

Accounting Reminders & Helpful Tips

We want to make sure your billing experience is smooth and hassle-free! Here are a few quick reminders:

- **Cancellation Requests:** Please email any cancellations by the **20th of the month** to avoid being billed for the next cycle. Always save the confirmation emails you receive from us.
- **Quarterly, Semi-Annual, or Annual Billing:** If you cancel a site mid-cycle, an automatic credit will be issued.
 - If the related invoice is still unpaid, credits will apply there.
 - If it's already paid, credits will roll forward to your future invoices.

POTS Lines Are Disappearing – What Alarm Dealers Need to Know

The FCC no longer requires carriers to maintain traditional Plain Old Telephone Service (POTS), and telecom providers are rapidly retiring copper lines nationwide. Costs for remaining POTS service have skyrocketed—often exceeding **\$100 per line per month**—while reliability continues to decline.
